

Aged Care Facilities & Improved Health Communications

Inclusion of Aged Care Facilities on the Health Provider Registry

The Aged Care Association of Australia SA Inc, Aged & Community Services SA & NT, the SA Department of Health and the SA Divisions of General Practice Inc are working together to expand the Health Provider Registry (HPRy) to include aged care facilities in SA and the NT.

The HPRy is owned by the SA Divisions of General Practice and is sponsored by the SA Department of Health. The HPRy is becoming the central and authoritative source of contact details for Health Providers and facilitates improved and safer communication. The HPRy is not used for any marketing purposes.

Benefits of having your facility listed on the Health Provider Registry

- Electronic distribution of patient discharge summaries
- Access to a central source of up-to-date listing of doctors
- Administrative efficiencies in updating and obtaining contact details
- Ability to specify preferred mode of contact
fax and email preferred modes for distribution of Oacis electronic discharge summaries
- Enhanced communication regarding health alerts

For further information

For more information on the Oacis Separation Summary visit www.careconnect.sa.gov.au.

For more information on the HPRy see the attached brochure or visit www.sadi.org.au/hpry.

Once your consent form has been received, the Department of Health's careconnect.sa Programme will contact you to discuss distribution processes and testing of the Oacis Separation Summary or you can contact the Oacis Help Desk by telephone: 1300 132 608 or email: ocismss@health.sa.gov.au.
